

VORTEX SUPPLEMENTAL HURRICANE INSURANCE

THERE'S A SEASON FOR EVERYTHING.

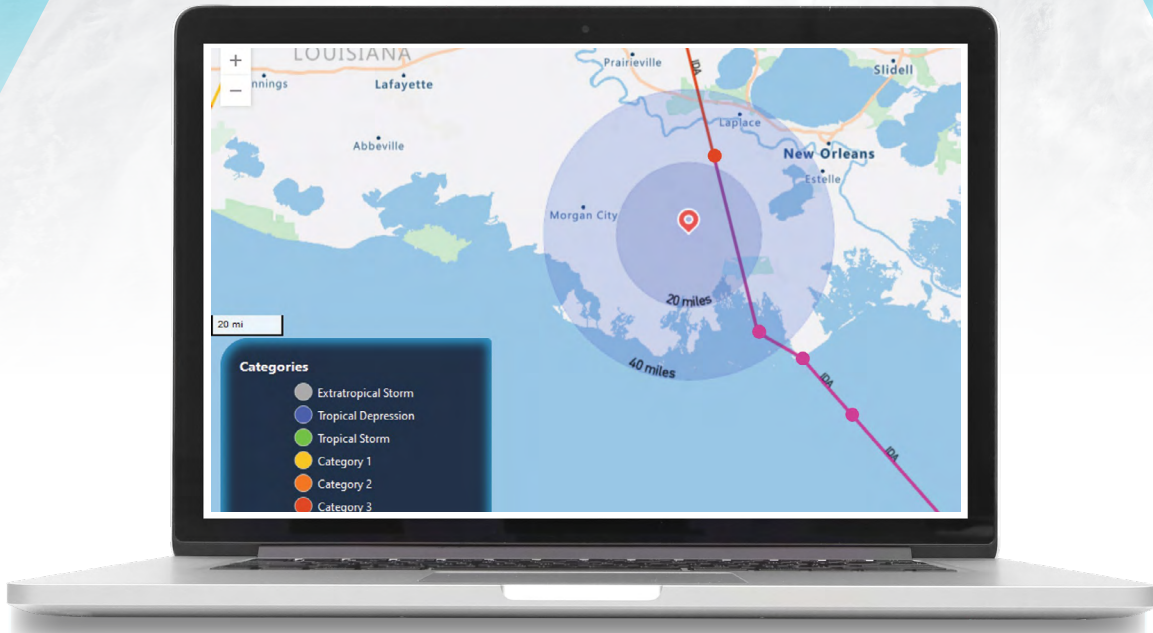

Hurricane season can create significant stress for small business owners. From property damage and cleanup costs, to insurance increases and interruptions to day-to-day operations, there's a lot to consider.

This year, protect your business and your peace of mind with VORTEX SUPPLEMENTAL HURRICANE INSURANCE.

VORTEX
WEATHER INSURANCE

WEATHER OR NOT...
VORTEX IT.

HOW IT WORKS

Vortex's supplemental hurricane insurance works in partnership with your existing policies, mainly by covering gaps left in place by a traditional P&C policy.

Even if there's no damage to your business' physical location, hurricanes (and their aftermath) can make it difficult for you to conduct business operations as usual, and that's where Vortex steps in.

All it takes is a hurricane track of a Category 3 (or higher) storm to pass through either a 20-mi single circle or 20/40-mi double circle coverage area of your business, and your policy is triggered.

Claim payments can be used to pay vendors and employees, cover lost revenues, take care of initial clean up around your facility and more. And it couldn't be easier...

- ✓ **NO PROOF OF DAMAGE**
- ✓ **NO FINANCIAL RECORDS**
- ✓ **NO ADJUSTERS**
- ✓ **NO INSPECTION**
- ✓ **NO FINANCIAL DEDUCTIBLE**
