

THOUGHTS from the FIELD EVENTS

See what our customers are saying...

Working with Vortex to insure several of our larger events at our track was quick and easy. We always hope for ideal weather, but when rain spoiled one of our shows, our claim payment helped lessen the financial impact."

— C. Deery, La Crosse Fairgrounds Speedway

After producing events for 20 years, I decided to purchase weather insurance for the very first time. Vortex was simple, straightforward, and paid out the first time! I had the check within a week and a half. I purchased another Vortex policy for the same event, and it rained again, and I was paid again! Don't doubt it. I feel safer knowing that I can cover my bills from the event if it rains."

— French Smith,
Roadway Productions

Beericana Craft Beer and Music Festival has purchased rain insurance every year for eight years. We have always wondered how a claim would be handled and this year we found out. Vortex processed our claim quickly and without any hassles. A claims check was issued within six days of our festival! I highly recommend rain insurance and even more highly recommend Vortex."

— Wayne Holt, 919 Beer
