

## THE SITUATION

The CatRangers 3rd Annual Charity Golf Tournament was scheduled to take place on May 23 of this year at Legacy on Lake Lanier Golf Course. CatRangers is a nonprofit charitable organization in Buford, Georgia, committed to helping cats, kittens, and their families with urgent needs by placing them in permanent loving homes, thus earning the title “The Special Forces of Cat Rescue.” For the third year, Sparrow Marcioni chose to partner with Vortex Weather Insurance to help protect the cost of the event and potential fundraising dollars. When the day came, the policy was triggered by .10 inches of recorded rain, and in two weeks Sparrow received a payout of \$10,000 that helped cover event costs and fundraising dollars for CatRangers.

*This was our third year working with Vortex to help protect our CatRangers Golf Event. I appreciate having the peace of mind, knowing that if it rains, we'll be OK. If you're hosting a charity event where fundraising dollars matter, get Vortex Weather Insurance. **It's simple, easy, and the year it did rain, we got paid in two weeks.***
